<b>1 Creek Corridor Framework</b>	This effort was to verify the program and prepare updated H&H models from Waterloo Park to Lady Bird Lake, including updated trail alignments, developing creek bank and bed priorities and create 2-3 cross sections per block for future planning. The product includes three books with an executive summary/narrative, detailed engineering studies and background supporting information.	May 2014	Sep 2015	1,877,431	X			Active
<b>2 Side Inlets/Waterloo Interim</b>	street require modifications from the construction documents generated by the tunnel project. Changes to these two side inlets are intended to improve circulation and provide better pedestrian access closer to the creek. At Waterloo, an interim plan was developed in order to get the rough grading and some site circulation built that is in keeping with the approved design plan rather than the earlier planning for the tunnel project.	Jul 2014	Oct 2015	1,308,850	X			Active
<b>3 Waterloo Park: Parkland</b>	Schematic design and construction of parkland in Waterloo Park between 12th and 15th Streets and Trinity and Red River Streets.	Aug 2015	Jan 2018	25,200,000	X			Anticipated
<b>4 Waterloo Park: Performance Venue</b>	Design and construction of a performance venue and all supporting structures.	Aug 2015	Jan 2018	27,600,000			X	Anticipated
<b>5 Creek Mouth &amp; Lattice Bridges to Cesar Chavez</b>	Stretching from Lady Bird Lake to Cesar Chavez, the Creek Mouth will include design and construction of restored creeks, trails, and public spaces including the design and construction of a series of lattice bridges.	Aug 2015	Oct 2017	21,500,000	X		X	Anticipated
<b>6 Red River to 4th</b>	A continuation of the Creek Mouth, this section also includes creek and trail work design and construction.	Aug 2015	Jan 2018	9,500,000	X		X	Anticipated
<b>7 Palm Park</b>	Located between Cesar Chavez and 3rd St., Palm Park scope includes design and construction of an existing park.	Aug 2015	Jan 2018	8,600,000	X	X	X	Anticipated
<b>8 Waterloo Park 14th-15th Street</b>	Within the boundaries of Waterloo Park, the 14th to 15th St. area will be designed and constructed in a separate phase.	Mar 2016	Feb 2018	4,000,000			X	Anticipated
<b>9 Cesar Chavez to Red River</b>	This area includes parks, trails, and restoration work. A continuation of the Creek Mouth, this section of work includes creek, trails, and ramps providing critical access to the trail between Red River and the Convention Center.	Aug 2016	Jan 2018	3,800,000	X			Anticipated

<b>10 The Refuge (creek)</b>	Creek work at the refuge includes early restoration and trail work in the existing creek area. A future phase will complete the new park at the Refuge.	Aug 2016	Jul 2018	8,500,000	X	X		Anticipated
<b>11 Symphony Square</b>	Historic Symphony Square includes creek and trail work connecting the Refuge with Waterloo Park.	Aug 2017	Apr 2020	12,400,000	X	X		Anticipated
<b>12 The Narrows 4th - 7th Street</b>	The most urbanized section of the Creek, the narrows will focus on improved connectivity and trail networks. A completely new park will be built at creek level on existing public lands at this location. This scope will include design and construction of this new park.	Mar 2020	Feb 2022	7,600,000	X	X		Anticipated
<b>13 The Refuge (park)</b>	This item includes the design and construction of a pedestrian pontoon bridge connecting the North and South sides of Lady Bird Lake as well as the landings for the bridge.	Mar 2020	Feb 2022	24,600,000	X	X		Anticipated
<b>14 Pontoon Bridges and Landings</b>		Jun 2020	May 2022	19,000,000		X		Anticipated
